1.2 m	800 mm	1.19 m	293 mm	813 mm

Max. load capacity	Castor diameter	Braking system	Castor type	Weight
300 kg	200 mm	Foot-operated parking brake	2 swivel castors/2 fixed castors	67 kg

Business division	Order no.
MUNK Rettungstechnik	120911

Facts

- Transport trolley with aluminium box body

- Aluminium box tight-welded in the lower area (filling height: 200 mm, filling capacity: approx. 180 l)

- Right side wall lowered on one side for convenient loading and unloading

- Further sizes and versions available on request

- Scope of delivery without equipment items

We reserve the right to make technical changes and price changes.

- Series production quality equipment

- Stable and durable construction made of high-strength aluminium sections

- Ergonomic operation via continuous handle bar with non-slip cold-insulating SoftGrip coating

- Two ball bearing castors Ø 200 mm with central wheel slewing arrestor for optimum handling

- Two ball bearing fixed castors Ø 200 mm

- Foot-operated parking brake

Information on sustainability criteria

- Corporate certification: ISO 9001

- Corporate certification: ISO 14001

- Corporate certification: EN 1090

- Corporate certification: EcoVadis

- RoHS

- REACH

- The MUNK Group complies with a Code of Conduct

- The Supply Chain Act does not apply due to our size

- The materials used are listed in the technical specification

- Resource-saving production: own photovoltaic systems

- Energy-efficient consumption during production: LED lighting

- Repairability, durability and quality: 15-year warranty on series products made in Germany

- Recyclability: Our products are mostly made of aluminium, steel or wood and can be fed directly into the recycling process.

- Socially acceptable working conditions in production: fair wages, gender equality

- Economical and recyclable packaging: no use of polystyrene, predominantly use of wood and cardboard, small amounts of plastic

- No health hazards for the users
